Beads!

NEW PRODUCT ALERT!

Braille Beads: APH Starter Kit

Beading is fun, but it can also be educational! Many concepts can be practiced such as sorting, counting, organizing, planning, and fine motor skills. This kit offers beads with a braille letter on one side and the print letter on the other in addition to a variety of colored pony beads. Also included are an instruction book and an assortment of wire, cord, and fobs to create many fun and colorful accessories. (NOTE: Choking Hazard: small parts)

Braille Beading Tray with Jars

When ordering the Braille Beads Starter Kit (above) consider adding this tray to your order. It is perfect for creating a beading workspace complete with space to lay out possible designs before stringing, a mat to prevent beads from rolling, and jars to organize/store beads.

EZeeCount Abacus

This is a great manipulative for someone who might like the feel and movement of beads, but requires the beads presented in a more secure way. Each textured bead slides along an elastic in each row, but cannot be removed. The beads can be flipped to reveal a different color and texture.
