Word Association Print/Braille Labels

Each of the 91 common object words is pre-printed in large print and braille on self-adhesive labels. A great way to reinforce reading and braille skills! Words such as chair, cup, sun glasses, and ball can be adhered right to the object, or made into flash cards for independent practice and games. Or, stick them onto magnetic label tape (see below) to make them magnetic.

Magnetic Label Tape

This magnetic tape allows you to create labels that attach to any metal surface just like a typical magnet. The tape is smear-resistant, durable white vinyl on one side for writing in permanent marker or braille and can easily be cut for custom sizing. Stickers such as the Word Association Labels or Feel n Peel stickers can also be stuck to the tape to make them magnetic.
