Low Tech to High Tech: Assistive Technology in Action

This friendly virtual monthly meeting is a place where caregivers, staff and team members can learn, ask questions and share ideas.

Together we will support each other!!

“Focus”

This session will show participants how various assistive devices for those who are blind or have low vision work, comparing low and mid tech tools with their high tech and app based or computer based alternatives to help caregivers choose the most effective options.

Host: Lisa DiBonaventura, MA, COMS
