Every Tuesday

Did you know?

- Vision problems are more prevalent in people with intellectual and developmental disabilities
- DDS Preventative Healthcare Guidelines for Vision recommend that everyone be under an active vision care plan from an Optometrist or an Ophthalmologist.
- Addressing vision needs maximizes safety and independence.

NECO Center for Eye Care

Southeastern Massachusetts

NECO Center for Eye Care Southeastern Massachusetts

NECO SEMA welcomes individuals served by the Massachusetts Department of Developmental Services.

The clinic is open every Tuesday from 8am to 4pm.

Specialized Eye Care

- Eye examinations at NECO SEMA are provided to determine a person's eye health, to better understand how each person uses his or her vision, and to maximize visual function.
- Each appointment is scheduled for one hour, allowing time for the exam, and to ensure all questions are answered.
- The attending Optometrist (OD) and an Optometry intern will work together to provide the eye exam.
- Before leaving, any needed paperwork will be filled out. A full eye report will be written and mailed to each person at home.

About Dorothy Tolls, OD

Dr. Tolls is a local optometrist with Boston roots. After attaining an optometry doctorate in 1990 from NECO, she completed a residency at the Brockton/West Roxbury Veterans Administration Medical Center. Dr. Tolls is currently an attending optometrist and Adjunct Assistant Clinical Professor with NECO. Dr. Tolls also provides eye care in Central and Western Massachusetts. Dr. Tolls enjoys providing community-based care and is passionate about serving the needs of individuals experiencing disability, and vulnerable populations.

Insurance Information is Required to Schedule an Exam

Referrals: MassHealth and Medicare typically do not require referrals for appointments. If a referral is needed, we can help you to obtain it.

Co-Pays: Can be paid on the day of or can be billed to you after your appointment.
